---

**How to register**

1. To register your vehicle with Transport for London you will first need to create a London Road User Charging Account with Transport for London. [https://tfl.gov.uk/modes/driving/account-create](https://tfl.gov.uk/modes/driving/account-create)
2. Make sure you have your vehicle registration document (V5C or foreign equivalent) available in an executable format before you start as this will be required later in the registration process.
3. At the end of this process you will be issued with a Customer ID, a Personal and a PIN. Make sure you store these details securely.
4. You can now register your vehicle for exemption from the ULEZ charge. [https://tfl.gov.uk/modes/driving/ultra-low-emission-zone](https://tfl.gov.uk/modes/driving/ultra-low-emission-zone)
5. Click on ‘Register your vehicle’ then scroll down and then start.
6. Click on “vehicle that is exempt from the scheme”, then Continue.
7. Enter vehicle registration number and enter “London” under City or registration.
8. Click on “Submit”.
9. The message on screen will advise you ‘we do not hold details for this vehicle’. Click on “Yes, this is the correct vehicle”, confirm & continue.
10. The reason why your vehicle is exempt from the London Ultra Low Emission Zone scheme is that it falls into the Transport for London category ‘historic vehicle’. As soon as you click on this option, Transport for London will register your vehicle.
11. To access the London Road User Charging Account Customer ID and Personal and the PIN you need to upload proof of the veteran vehicle’s age which is the vehicle’s registration document then follow further instructions.
